GENERAL INSTRUCTIONS

Unless otherwise instructed with individual orders

1. Invoices are to be sent under separate cover direct to the Stores to which the Goods are shipped, and must be mailed early enough to ensure arrival at Store as soon as the Merchandise. No duplicate invoices are required at the Regional Offices unless specially asked for by them.
2. All packages, invoices and envelopes must be addressed as per addresses given herein (give full Street Address and County where stated).
3. All Stores are known by numbers; the STORE NUMBER in a \diamond is part of the Company name and must appear on every case and invoice.
4. In all cases where instructions are issued for routing merchandise by our Transport Department, these instructions must be rigidly followed.
5. All communications regarding invoices, outstanding accounts or remittances must be addressed to the Regional Office under which the Store operates and not to the Store.
6. A Statement of Invoices alleged unpaid after 28 days should be sent to the *relative* Regional Office stating Store Number and Date and Amount of Invoice.
7. All communications, either by correspondence or interview, relative to Merchandise or any matter other than invoices or accounts, as mentioned above, should be with the Buyer at the Executive Office. Please take note that on no account must our Suppliers either communicate with, or call on, our Store Managers or Regional Offices on the question of Merchandise or Buying thereof.

STANDING INSTRUCTIONS

Individual Slip Orders from Stores

1. **PACKING**—In the event of the quantity ordered on any item not conforming to your standard packing the quantity you actually ship and invoice should be the next lowest conforming quantity from that which the Store ordered.
2. **CANCELLED OR SUSPENDED ITEMS**—In the event of a Store ordering quantities of an item which the Buyer has cancelled or suspended we request that the item concerned is NOT shipped.
3. **MINIMUM SHIPMENTS**—In the event of a Store not ordering sufficient to make the minimum shipment; in minor cases it will be in order to increase the quantity to the necessary level, in other cases the order should be returned to the Regional Office concerned for their action.
4. **OTHER ERRORS**—Certain other errors which may come to your notice, such as a Slip Order being received by you for merchandise not of your manufacture or a Slip Order being received by you which is actually addressed to another Company, or any other queries which you are unable to resolve, would you please return these Slip Orders direct to the Regional Office involved in order that they may take whatever action is necessary.
